If you have something specific in mind and want a bespoke service, we can manufacture garden buildings to any customer specification.

For more information, please contact us on **01782 832166**.

garages

From Mini Cooper to minibus our timber garages are safe, secure and versatile. Whether you simply wish to keep your pride and joy from prying eyes or need a place to restore that classic car, our solid built-to-last timber garages will protect your investment.

More versatile and easier on the eye than their concrete equivalent, our garages are available in a range of

maintenance-free timber claddings including the rich warm colours of the finest cedar wood which has been sourced from managed forests.

A range of door options are available including joinery made double doors (part glazed or solid), up and over doors or infilled up and over doors (with or without remote-control operated electric openers).

specifications

WALLS	Sturdy 100 x 47mm (95 x 45mm finished) tanalised framing clad.
FLOOR	These buildings are supplied without a floor but are designed to sit atop a single row of semi-engineering bricks and are secured to the base with expansion bolts.
APEX ROOF	Maintenance free Onduline sheeting on 9mm OSB boarding with 75 x 47mm roof purlins. There is a no-cost option for 28kg flexi-glass mineral felt or an upgrade to decorative felt tiles.
RIDGE HEIGHT	There is a generous eaves height of 1.9m (6' 3") and the roof rises at a pitch of 20 degrees to produce a ridge height of: 2.65m (8'8") gable - 2.59m (8' 6"), 3.00m (10') gable - 2.74m (9' 0"), 3.60m (12') gable - 2.79m (9' 2"), 4.20m (14') gable - 2.92m (9' 7"), 4.80m (16') gable - 3.02m (9' 11")
DOORS	2.13m Wide x 1.98m high (7'0" x 6'6") joinery made mortice and tenon double doors with galvanised fittings and a heavy duty locking bar. Alternatively 'up and over' doors can be supplied in white or brown steel or with a timber infill to match your building. The number of doors that come as standard varies from model to model but they can be positioned to suit and more can be incorporated into the building if required.
WINDOWS	Each window set includes a sill and top hung opening window: <ul style="list-style-type: none"> • 2 pane window set: 1.0m wide x 0.66m high • 3 pane window set: 1.6m wide x 0.66m high
